ACREX INDIA 2020 successfully reinforces the need for sustainability and clean air

South Asia's largest show on HVAC industry- ACREX India, organized by Indian Society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) and produced by NürnbergMesse India, concluded its 21st edition in the National Capital Region on February 27-29, 2020, with new highs and benchmarks of leadership, technology, creating awareness and opening business prospects.

Themed “Shuddh Vaayu Deergh Aayu” (Clean Air, Long Life), the exhibition was spread over 32000 square meters of gross area and presented more than 400 domestic and international brands that drew over 30,000 business visitors. These numbers were attained whilst combatting early stages of the global pandemic of Covid-19 in India.

There was a live exhibit on indoor air quality with five rooms carrying different combinations of air-purifying methods, in order to explain the efficacy of each. Besides the exhibit there was a big surge in the participation as well as the response for companies providing clean air solutions. It was a very encouraging demonstration of the future focusing on advanced techniques of designing new homes that would feature systems that support and accentuate natural ventilation.

“ We are very happy to be participating ACREX 2020. We had a great quality of footfalls, many business enquiries that has kept us upbeat about the progress of the industry in the coming year. ACREX has been instrumental in convergence of technologies that are evolving very fast. ACREX has really helped us in understanding the cutting-edge technologies across the various manufacturers that help us take the optimum best to our customers.”

Sridhar N
Sr. General Manager
Voltas Limited

“ ACREX India is a great platform to showcase our technical strength and prowess we bring. We really look forward to this every year where we also get to catch up with our colleagues from the industry. The environment and ambience here is electrifying and the participation is very high with fantastic booth and the products that are displayed.”

- Low GWP Refrigerants and adapting of Low energy Technologies - with CEEW / IEA
- A Joint session on District cooling by ISHRAE and UNEP

WORKSHOPS

- BIM & Project Management
- Commissioning

Testimonials

“ We have been participating with ACREX India from many years now because this is the platform to meet the industry leaders. It is always a great learning experience to be at ACREX where to get to see many new technologies , products from HVAC industry. We wish to see even bigger ACREX India 2021 in Bengaluru.”

Vimal Chavda
Distribution Network Manager
Testo India

“ ACREX is the biggest and most professional exhibition of India where you can find the commercial AC products, air purifying products, the best products in the market. You cannot find anything better in Technology in any place other than ACREX. From the back-end integration to the front-end integration, everything gets covered here.”

Sheffy Mehta
PGH-AC Business
Haier Appliances India

“ Air quality is on the mind of everyone here, the key point of all the discussions. We feel that we're in the right place at the right time. A great and such well managed exhibition like ACREX is the place for manufacturers to be represented and seen in a territory as large as India which is qualified site and has a lot to offer.”

Jens Hammes
CEO of INCEN AG -
International Marketing Arm of IQAir

“ Our association with ACREX India goes long back. This year's theme - Shuddh Vaayu, Deergh Aayu - plays an important aspect in everyone's life. This platform not only gives opportunity to companies like us but new start ups with innovative products to showcase in front of industry. We wish all the best for ACREX India 2021.”

Kartik Singhal
Director Operations at Zeco Aircon Limited

“ ACREX India is a great platform to launch innovative solutions in HVAC industry and we are so pleased to have launched one of our technologies right here. It is a great experience so far and would love to be part of next editions as well.”

Kanad Banerjee
Head, Special Products Division
Paharpur Cooling Tower

“ The response at ACREX India 2020 has been incredible. Building a sustainable future is of utmost importance and ACREX's impact here is huge. We look forward to seeing all our member in Bengaluru in the next edition in 2021.”

Erin McKee
Marketing, ASHRAE

“ We are very happy to be the IAQ partner at ACREX 2020. We are proud to have a great booth and location here that has generated so much interest along with the theme of “Shuddh Vaayu, Deergh Aayu”. ACREX India 2020 has set a great example of mixing the idea of air quality, HVAC, energy efficiency & chillers. All the very best for ACREX India 2021 in Bengaluru.”

Barun Aggarwal
Founder & CEO
BreatheEasy Consultants (P) Ltd.

“ ACREX has been a very big forum in South Asia that has consistently worked on introducing newest innovations year-on-year. They have a very good reach across countries, they understand the links of HVAC industry and they are instrumental in bringing innovations, which the manufacturers wait to launch here. ACREX understands the needs of the consumers and of the industry alike.”
